Elevator Contractors Require Specialized Training and Tools to Perform the Daily Tasks at Hand

THINK SAFETY!

Use Your Brain...the Sharpest Tool in your Box

- Stay Focused on the Task at Hand
- Follow all Prescribed Safety Rules
- Ignore Distrations
- Follow OSHA Safety Regulations

NOTE:
When safety hazards are encountered that can not be easily avoided they must be IMMEDIATELY reported to your Supervisor, and to your Business Representative if necessary.

Let’s Use Our Tools to Build a Life... Not Take One!!!
